

Vehicle Recovery Driver

Location: ASKAM-IN-FURNESS, CUMBRIA

Furness Cars & Commercials Limited is a private family owned and run business and has operated within South Cumbria for over 35 years specialising in 24hr roadside assistance and vehicle recovery as well as service, repair, and maintenance of light and commercial vehicles.

We currently have an opportunity for a professional and competent Vehicle Recovery Driver wishing to join our team.

Duties will include the safe and effective recovery of vehicles from varying situations and locations. Such vehicles will require uplifting for several reasons which include mechanical breakdown, accident damage or repatriation. Using one of our specialist recovery vehicles, you will be responsible for the safe transport of the vehicle and occasionally passengers. All while maintaining the high standards of service and dedication that the business is known for.

Ideally you will have previous experience in vehicle recovery, however this is in no way essential as full comprehensive training and development will be undertaken.

For this role you will require:

- A Class 2 (Category C) drivers' licence
- To be confident in the use mobile phones / devices to capture signatures and taking of images
- Calm and responsible driver skills and awareness
- A Flexible approach to your role and working environment
- Excellent communications skills and the ability to manage members of the public effectively
- To undergo a CRB check and local Police vetting

Particulars:

- The position is permanent and based from our Askam-In-Furness Premises
- The position is shift based, working a 4 on, 4 off pattern which will include evenings, weekends, and bank holidays.
- Normal working hours will be 0800 to 1800 working from company premises and then on-call from home outside of those hours.

Salary:

- 20 days holiday per year
- Company Pension
